

Five Year Strategic Plan May 2015 - May 2020

Background

Canadore College recognizes itself as a leader in Indigenous education and is committed to providing quality programs and services to Indigenous learners for more than 25 years. These services have evolved over the years to continue to meet the needs of Indigenous learners. In October 2014, our partners in education and the Indigenous Circle on Education met to develop a five year strategic plan to ensure the continued growth and development of the First Peoples' Centre.

Philosophy and Vision

We believe in integrity. We will be honest in word and action first with ourselves and with others. Therefore, we will build trust by ensuring transparency and honouring our commitments with students, partners and community. We believe our success is built on our healthy relationships; therefore we will build strong relationships by demonstrating trustworthiness, understanding and acceptance. We believe in Mino-Bmaadziwin (Good Life).

Mission

Our mission is to provide a safe and caring space, education pathways and supports to empower this learning journey.

Statement of Purpose:

Our purpose is to provide leadership in cultural competency in the provision of programs, services and strategic direction at Canadore College.

We will honour all of Creation. We will listen with open minds to the viewpoints of others. We will treat everyone with dignity through kindness, honesty and encouragement. We will create a positive environment where everyone feels welcome and a sense of belonging. Based on the Five Pillars, the First Peoples' Centre receives strategic direction from the Indigenous Circle on Education and works collaboratively with academic, support services and administration in the advancement of First People's aspirations, goals and direction.

The Five Pillars

Student Success:

Canadore College exists for its students; to help them maximize their potential, acquire skills for employment, set up a basis for further education, or all three combined.

Program and Service Excellence:

Canadore College will continue to strive to deliver excellent programming and core services in order to prepare graduates to compete locally and globally for jobs.

Connection to Community:

Canadore College is a vital part of the community. The College is committed to maintaining and improving its community connections through our staff and students being involved with local organizations, fundraising, partnerships and more.

Sustainability:

Canadore College will cultivate a culture of sustainability - environmentally and financially. As a publicly-funded institution, the College has a responsibility to set an example of stewardship and accountability to our students and the public.

Innovation:

Canadore College will continually look towards innovation and reinvention in programming, services and technology to be responsive to the community and help our students reach their full potential.

Priorities and Metrics

Making Indigenous Education a priority.

 **CANADORE**
FIRST PEOPLES' CENTRE

Build relationships and be accountable to Indigenous communities in support of self-determination through education, training and established research.
