

## Small Engine Technician

**Dual Credits:** two high school credits and Level 1 Small Engine Technician

### Small Engine Technician – TTR4Y (College Course: 435A)

#### Level 1 In-school Curriculum

Become a Small Engine or Marine Engine Technician and gain the skills to challenge the Certificate of Qualification exam. All students in class are working in the trade, providing an excellent opportunity for networking. The program can act as a great stepping stone to other trades such as Automotive Service Technician, Truck and Coach Technician or Heavy Duty Equipment Technician.

This is a theory-based course; students taking this program should either have already taken co-operative education in a related field or be currently involved with an employer.

#### Note:

- Tuition, materials, equipment and transportation fees will be covered through the Dual Credit program.
- All students are expected to attend an orientation session prior to taking part in any Dual Credit program.
- Students will be contacted by the SCWI Program Assistant, at least one week prior to the start of the program, to be provided with a date, time and location for each orientation session.
- Delivery: Block release (8-weeks full-time) to complete the program - required 240 hours.
- Students involved in this program will be excused from their regular classes or co-op to attend the College.
