# TAX EXEMPTION > THE FINE PRINT

Federal and Provincial tax legislation prohibits the use of tax-exempt meal plan funds by individuals who are not qualified to receive these benefits. Only the student who purchased that plan may purchase meals. Meal plan holders purchasing more than one meal at a time will be charged appropriate taxes on the meal with the lower value. All applicable discounts will be applied before taxes.

Not all purchases qualify for tax exemption in a declining balance program. Specifically, pre-packaged convenience items and non-food items. There is no bulk buying allowed as all plan dollars must be used for the purpose that it is intended.

During each transaction, the cashier will examine the photo on the Student ID card to ensure that the person making the purchase is the cardholder. In all cases where the cashier suspects that somebody is using a card other than the cardholder, the cashier must keep the card and prevent its use. The card will be forwarded to the Chartwells Food Service Office within four hours where it can be picked up by the proper cardholder at that time, or the next business day. Fraudulent use of card funds to purchase food for other people may result in loss of all discount and tax exemption privileges.

The security of a card remains the cardholder's responsibility. Cards should be treated like a credit or debit card. If a card is lost or stolen the cardholder is responsible for all charges made to that card until the card is reported lost or stolen. A card can be reported lost or stolen by contacting the Chartwells Food Service Office at (519) 542-7751 ext. 3483, or by email at [guy.racine@compass-canada.com](mailto:guy.racine@compass-canada.com)
