## End of Cycle Exams:

It is important to note that the End of Cycle exams for students in Grades 4 and 6 take place throughout the months of **April, May, and June**. If your child is absent during one of these evaluations, it will be impossible to make up (without valid medical documentation) and they will receive a mark of ZERO. Moreover, since each exam takes place over the course of a few days, missing a day during this period will have a significant impact on their final result.

As per the Quebec Educational Act published by the Ministère de l'éducation de Québec, this document is prepared before the first communication (Orientation night). If any amendments are necessary, a revised document will be published
