

Laurier Macdonald High School

Student Level Assembly - November

LEVEL ASSEMBLIES

On Thursday, November 18th and Friday, November 19th, the Laurier Macdonald Administration held their November Level Assemblies. The purpose of these assemblies was to inform students about various points of important information. This includes the use of their agenda as a hall pass, using their agenda as a tool to improve their academic success, interpreting their Progress Report Cards, mid-year exams, tutorial resources, safety and proper behaviour, holiday fundraisers, extra-curricular activities, forthcoming trips, and more.

IB activity day

Agendas

Students were reminded to continue using their agendas as a hall pass when they have to leave the classroom. Teachers will sign the students out and will then sign them back in, upon their return.

Agenda Organization

Students were informed that a well-organized agenda helps to promote success. If a teacher says there is an assignment in Google Classroom, students should record this in their agenda and access the Google Classroom that night. All homework assignments should be recorded in the agenda.

Interpreting Progress Reports

On Thursday, November 18th the Progress Reports were published on the Mozaik platform. Students should review these reports with their parents/guardians and identify which subjects they are struggling in. Then students should seek out possible resources (mentioned below and found on our school website) to better assist them in achieving success.

Exams

Science lab exams will take place during class time between Nov.22-Dec10 and exam week will take place from Mon., Dec. 13th to Fri. Dec. 17th inclusively. No classes are scheduled for the mid-term exam week. Classes will resume Mon. Dec. 20th (Day 9).

Tutorial Assistance

LMAC administration and staff have worked hard to implement various resources to help student achieve success. If you require assistance, please access the following page and attend the recoup sessions provided by your teachers.

Holiday Fundraisers

The holiday season is very tough on some people in our community. Again, this year, LMAC will be organizing multiple collection events to help out the less fortunate. Please stay tuned for letters and announcements for the Christmas Basket Dress Down Day, LMAC Pantry, Dans La Rue, Second Chance Café, Clothing Drive and the Baby Item Drive.

Clubs and Extra-Curriculars

With LMACtivits and the Spirit Club leading the charge, we are excited to announce more clubs are being planned. We have the Drone-Racing and building club, E-games and Board Game Club, Alpine Ski Club, and many more to come.

Trips

Given the present restrictions imposed upon us, we are unable to organize over-night trips. However, the LMAC staff is hard at work starting to organize day trips to Sugar Shack, Ottawa, Old Montreal, Abraska Adventures and Quebec City. More info to come.

Lastly, we encourage the students to follow the code of conduct found in their agenda and at <https://lauriermac.emsb.qc.ca/lmac/students/policies-code-of-conduct>. Avoiding conflicts with their peers and staff, thus preventing disciplinary measures and investigations LMAC staff and administration must undertake, allows us to continue to search out and organize a better, more memorable school year for our students. We are all looking forward to creating a positive, active, memorable, and a successful school year!
