

CORONATION SCHOOL

We Care We Dare We Share

JUNE 2021

Dear Parents/Guardians,

In early June the world of leaf and blade and flowers explodes, and every sunset is different.
John Steinbeck

With summer on its way, school is coming to its end. This is a summer to celebrate as we have all survived daily mask wearing, sanitizing and distancing! The transition between schooltime and summertime calls for planning, patience and peace while we all adjust. On behalf of the Coronation Staff, we wish you all a healthy, safe and fun-filled summer holiday.

The 2021-2022 school year will begin for all students on **August 31st**. Please note that Pre-Kindergarten and Kindergarten students will have a progressive entry. Your child's teacher will be contacting you to arrange their entry time. Check out this video: "**Bienvenue à la maternelle 2021-2022**".

mTransport App (a new EMSB bus Initiative)

The mTransport App will be installed on our school buses (except the mini buses). It allows the parents to follow their child's bus journey in real time via their mobile phone or computer. Parents will be able to know when the bus is approaching their child's bus stop or if they are running late. They will also be able to notify the bus driver if their child will be absent. This free app serves as a security feature as well as a communication tool between parents and drivers.

Coronation's School Fees

By School Council and Governing Board resolution, the annual school fees have changed for the next school year as follows:

- **Lunch Supervision Fee** has increased from .88 to \$1.00 per day so the yearly fee will be **\$180.00 per child** which can be paid in two installments (September 10, 2021 and February 4, 2022). Families with more than 2 children at Coronation only pay lunch fees for the first two.
- **School Fee** has increased from \$80 to **\$90 per child**. This fee goes toward the purchase of workbooks (for both French and English subjects which includes Math, Social Studies, Spelling, Grammar, handwriting), the annual school agenda, Athletics online math resource and reproducible activity books.

Please note that our fees have been amongst the lowest of any EMSB school and we have not increased them in the last 6 years. Additional information will be provided in the Parent's Handbook on the first day of school. It will include a how-to E-Transfer info sheet for online banking. Of course, cheques and cash are also accepted.

Ms. Bonnie's Kindergarten Class

We are finishing up our projects in Room 101. Children have taken photos of their neighborhood, Côte des Neiges. The developed photos are coming in and children will start making a memory game after decorating a plastic envelope in which to keep their game.

We have started learning about Libya and began making mosaics from paper tiles. We still have France and Korea to go! I think we should call ourselves the United Nations of Room 101.

Ms. Cher's Class

Room 102 learned about the life cycle of plants. We planted beans and nasturtiums.

Ms. Anna's Class

Grade 3 students using Google Slides to prepare their fractured fairytales called "Birdie and the Beast".

Les élèves de la maternelle s'amuse avec les activités de l'équipe Dynamix.

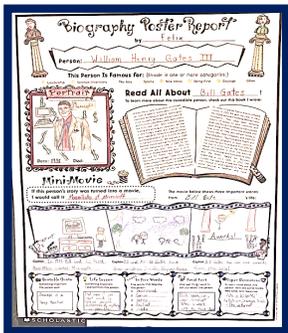

Here are some pictures of Kindergarten French Immersion students from the project below: P69 All Aboard Games (Kdg, Cycle 1 & 2) from April to June 2021.

This project is designed for students to learn to play and play to learn! By introducing them to modern board games they will develop both literacy and numeracy skills, engage in cognitive and complex problem solving and develop stronger collaborative and communication skills.

Mrs. Pam's Class

The Grade 4 students have been working on a biography unit. The students have been researching different people throughout history. After taking notes, they completed a biography poster and then selected an

IT project such as PowerPoint or creating an Infographic for their presentation. Finally, they will generate a QR code to package it all together.

Lettre au directeur de l'école idéale...

Bonjour Monsieur,
Je m'appelle Khushal G. J'ai 10 ans, je suis 4'4". Je porte ce que je veux, mes cheveux sont noirs et mes yeux sont bruns.

Aussi, je suis logique, vite et je suis un élève qui travaille fort! J'aime les "déjà vu". Je suis aussi un peu paresseux et jaloux.

Mon sport préféré est le soccer.
Mon livre préféré est Despereaux.
J'aime les youtubers Jelle Van Vucht et Mark Rober, ma passion est la science spécialement l'espace! Ma nourriture préférée est la soupe aux tomates.

Dans mon école, je veux une salle de cinéma. Je veux un gardien de sécurité. Je veux un robot pour chaque personne. Je veux 10 récréations qui durent 10 minutes chacune. Je veux gérer les politiques de l'école!

Merci pour lui ça.

Cordialement,

Khushal

Lettre au directeur de l'école idéale...

Je m'appelle Joshua. J'ai 10 ans, mes cheveux sont bruns, mes yeux sont bruns et je mesure 4'8".

Je suis gentille et aimable. J'ai peur des hauteurs. Mes qualités sont sportif et patient. Je suis des fois gêné.

Mes goûts sont le volley-ball, j'aime des hamburgers et j'aime les livres amusants.

Je veux dans mon école: une machine à boissons, une salle de cinéma et pas de code vestimentaire.

Voici les raisons pourquoi tu devrais me laisser entrer car je suis amical, sportif, intelligent, amusant, drôle et je suis très bon en dessin. Je prends soin des gens.

Merci pour lire ma lettre. J'espère que tu vas me choisir pour ton école.

Cordialement,

Joshua
