The Kindergarten Report Card

In this document you will find the list of competencies Kindergarten students strive to attain during their school year.

It will be through the means of the Progress Report and Term Report Cards, that teachers will

communicate the student's progress to parents. You will notice below that certain competencies are not evaluated during certain TERMS. For the simple reason that some competencies need more time to be developed therefore allowing time to fairly assess their level of competencies. Nonetheless, teachers will, throughout the Term, teach strategies and skills that will enable the students to develop these competencies.

All competencies will be evaluated at least twice during the school year.
