Re: BLACK HISTORY MONTH

Dear Parents,

In honour of Black History Month, East Hill School has planned many exciting and engaging activities during the month of February for our students to learn about both historical and current Black figures making a positive impact on our society. This year, the theme we adopted is: "*Black Inventors*". We hope this will provide a great opportunity to highlight the contributions of several inventors from the black community.

Our Cycle 1 students already participated in a reading workshop from Mme. Guédeline Desrosiers, a Black author, pedagogue, and speaker. Our students will also have the opportunity to attend different presentations promoting diversity, inclusivity, and equity.

In keeping with this year's theme, all our students will attend a *Black History Month Fair* which will include tasting stations from Caribbean gastronomy, a Steelpan Band presentation and the display of the students' projects on different Black inventors.

We are looking forward to a wonderful, inspirational, and inspiring Black History Month!

Kind Regards,

East Hill Administration
