Re: EDUCATIONAL PROJECT STUDENT SURVEY

Dear Parents,

As mentioned in a previous communication, East Hill Elementary School as well as all other schools in the province, are currently updating their Educational Projects.

Please note that our grade 6 students will also be part of the consultation process. Students will have the opportunity, on a voluntary basis, to complete the survey through their media class over the coming weeks.

We encourage our grade 6 students to participate as the information gathered will help us identify and set priorities for our Educational Project.

Kind Regards,

S. Rebelo
Principal
East Hill Elementary School
