Commission scolaire English-Montréal
English Montreal School Board

A message from the Director General

Starting to explore secondary school options can begin as early as Grade 5, but it doesn't have to be daunting. The earlier you know about all of your options, the better equipped you'll be to make the right choice when admission dates come around.

We have prepared this guide for parents starting their approach into the world of secondary education. Here you will find a snapshot of what each of our mainstream high schools has to offer: What are the programs they excel in?

What sets them apart? What are their extra-curricular activities that go such a long way in enriching the life of a high school student? The important dates, including open houses, admissions applications and placement exams, are listed for each school so you can mark these into your calendar.

As you'll see, the English Montreal School Board (EMSB) has a wide array of secondary school options for students all across the island of Montreal (see the map on p. 4). Whether you are choosing a school close to home or across town, or favor a certain academic, arts or sports program, this booklet will give you a snapshot of what we have to offer. Social media sources are also listed, and we encourage you to consult these, as well as the school's website, to get a more intimate sense of the school.

Each EMSB high school follows the Quebec Ministry of Education curriculum, but they have the freedom to enrich their offering through a variety of different special programs. For example, some schools offer a range of French instruction levels. Others offer a concentration in sports, arts or music. Some are designed for students who require a smaller school setting or special training for the workforce.

A variety of non-traditional study paths are also offered to students in our schools. These include specialized board-level initiatives such as physical literacy and numeracy literacy programs, and STEAM to provincial government programs, such as Sport-Études and the Work-Oriented Training Pathway programs. Let's not forget the internationally recognized ones such as the International Baccalaureate Middle Years Program and the Advanced Placement Program. Indeed, families have a wealth of choice at the EMSB.

We hope you find this special booklet helpful.

A handwritten signature in black ink that reads "A. M. Matheson". The signature is written in a cursive, flowing style.

Ms. Ann Marie Matheson
EMSB Director General

Welcome to our world of high school

The English Montreal School Board network of secondary schools, spread across the island of Montreal, offers a variety of excellent programs for students in Secondary 1 to V (grades 7 to 11). In addition to programs that encourage academic inquiry, we offer a variety of sports and extra-curricular activities. We also provide first-rate counselling and other personal, health and educational support to our student population to enrich the life of adolescents as they engage in this next stage of learning. Our secondary level French programs continue to extend and exceed the Quebec Ministry of Education standards. Full cafeteria services are offered in most schools.

John Grant High School

John Grant High School is an alternative high school for students who have special needs. Students benefit from a modified academic program. The learning environment is tailored to the individual needs of every student, focusing on independence, work skills and literacy. Typical students coming to John Grant experience significant academic and/or developmental delays and come to John Grant through professional referrals. Located in Côte St-Luc, students participate in programs that link them to the community through partnerships with businesses and other local institutions.

Royal West Academy

Situated in Montreal West, Royal West Academy (RWA) is an alternative high school for students committed to academic achievement. It has limited enrolment with admissions granted in Grade 7 by application and qualifying examination results. It fosters bilingualism, computer literacy, an appreciation of the arts, an understanding of social issues and a sense of community responsibilities. RWA also has a strong French program, offering both immersion and French mother tongue courses. A mandatory extra-curricular activity program offers options in the arts, sports and leadership development.

John F. Kennedy High School

In a respectful, inclusive and nurturing environment, our goal is to empower students to meet the challenges of tomorrow. John F. Kennedy offers enrichment in English, French, science and math. Media Arts and Technology is offered from Sec. 1 to Sec. 5. The Aim High Program is designed to achieve success for students transitioning from elementary school, and who may have experienced challenges. These students are generally between 12 and 15 years old and are placed together in small groups. The strength of the program is enhanced by teaching the curriculum to their current levels of achievement and understanding.

Lester B. Pearson High School

Lester B. Pearson High School stresses the development of the whole person. This includes the moral, intellectual, physical, emotional, aesthetic, social and cultural development. We aim to produce a bilingual, socially-conscious graduate aware of civic duties and responsibilities. Through regular academic programs, special education or enriched programs, each student is educated, socialized and challenged to fulfill his/her potential. The school's ultimate goal is to prepare each student to make a significant contribution to society through his/her chosen path.
