# HIGH SCHOOL GUIDE

## 2021-2022

# A message from the Director General

*Welcome to the 2021-2022 school year!*

It's an exciting time for families who are starting to explore secondary schools for next year. The English Montreal School Board (EMSB) has a wide array of options across the island of Montreal (see the map on p. 4). Whether you are choosing a school closest to home or favour a certain program, this booklet will guide you along the way to choosing the school that meets the needs of your child.

All high schools follow the Quebec Ministry of Education curriculum, but each of our schools has the freedom to enrich the lives of their students through a variety of academic, arts or sports programs. Read through this guide to find out what educational programs they excel in, what sets them apart and what they offer as interesting extra-curricular activities.

For example, some schools offer a range of French instruction levels. Others offer a concentration in sports, arts or music. Some are designed for students who require a smaller school setting and or for special training for the workforce.

A variety of non-traditional study paths are also offered to students in our schools. These range from specialized board-level initiatives such as physical literacy and numeracy literacy programs, and STEAM programs, to provincial government programs such as Sport-études and the Work-Oriented Training Pathway programs.

There are also the internationally recognized International Baccalaureate Middle Years Program and the Advanced Placement Program. Indeed, families have a wealth of choice at the EMSB.

Social media sources are listed in these pages, and we encourage you to consult these, along with the school's website, to get a more intimate sense of the school.

A stylized, handwritten signature in blue ink, appearing to read 'Nick Katalifos'. The signature is fluid and cursive, with a long horizontal stroke at the end.

# Welcome to our world of high school

The English Montreal School Board network of secondary schools, spread across the island of Montreal, offers a variety of excellent programs for students in Secondary 1 to V (grades 7 to 11). In addition to programs that encourage academic inquiry, we offer a variety of sports and extra-curricular activities. We also provide first-rate counselling and other personal, health and educational support to our student population to enrich the life of adolescents as they engage in this next stage of learning. Our secondary level French programs continue to extend and exceed the Quebec Ministry of Education standards. Full cafeteria services are offered in most schools.
