

Dear Parents,

Since 2000, Le Doral has been providing hot, healthy, and delicious meals for children in primary schools and daycares on a daily basis both on and off the island of Montreal. In essence, Le Doral offers a service to parents yet the product is consumed by their children.

A key element of our success is our **Morning Prepared Guarantee** program developed by our chefs and employees. This program assures parents that all meals are prepared, cooked, and plated the same day!

During our many years of service, our philosophy and business model have matured to instill confidence and peace of mind by means of total transparency. This openness was achieved by developing successful long-term relationships with customers and working intimately with our schools' administration, faculty and community.

Together with our technical team, we've created the most advanced and personalized program to date, allowing the schools to not only manage their orders and accounts, but to be able to easily and efficiently distribute the meals upon delivery.

Le Doral has developed a reputation for excellence through its personalized approach, attention to detail, and efficient distribution process, all without ever compromising the quality and integrity of the freshest product the industry has to offer!

In an effort to create well balanced meals, all our menus are carefully developed by our highly skilled chefs in collaboration with our licensed nutritionists, and the school board to create mouth-watering, well-balanced new menu options on a regular basis in accordance with **"Canada's Food Guide"**.

CERTIFICATION

Le Doral holds an **"Attestation en Hygiène et Salubrité Alimentaires"**, certification issued by Le Ministère de l'Agriculture, des Pêcheries et de l'Alimentation du Québec (MAPAQ). In addition, we proudly meet all the principal guidelines of Inspectors & Food Technicians who represent the school boards in matters of with cleanliness, preparation of the meals, packaging, and delivery and temperature requirements.

FOOD ALLERGY/RESTRICTIONS

Our menus are designed to accommodate children's dietary and/or religious restrictions. We also offer VEGETARIAN and HALAL menus.
