**EDUCATION CONSULTANT
(SCIENCE & S.T.E.A.M. ELEMENTARY)**
General Circular No. P29 / 2104-230

Place of Work:	Educational Services
Status:	100% Regular Position
Hourly rate:	\$27.08 to \$50.39
Start Date:	AUGUST 2024
Immediate Superior:	Director, Educational Services

Nature of the work

The education consultant participates in carrying out the educational project and the special projects of educational institutions; they participate in the development, implementation, and evaluation of their success plan, while complying with the academic and administrative requirements of both the educational institutions and the school board. We are seeking an experienced and innovative individual with expertise in Elementary Science and STEAM (Science, Technology, Engineering, Arts, and Mathematics) to join our team. As a consultant, you will collaborate with elementary schools to enhance their science and STEAM education programs, provide professional development for teachers, and develop curriculum resources.

Tasks and responsibilities

- Contributes to the implementation of programs of study and training, provides advice to the teachers and administration concerning the interpretation of those programs, designs, and leads training workshops and sessions on program components; they collaborate in developing learning situations and support experimentation in class.
- Provides advice and support to teachers either individually or in a group format in matters pertaining to their daily teaching activities; they develop or select and deliver training and instrumentation activities designed to respond to needs in pedagogical adaptation, innovation, and development. They provide teachers with learning evaluation tools and guide them in the design, preparation, or adaptation of evaluation tools.
- Maybe called upon to work with a multidisciplinary team to draw up and review the individualized education plan of a handicapped student or a student with social maladjustments or learning difficulties; they participate in defining intervention objectives and means.
- Works with teachers to prepare and implement strategies and projects aimed at helping students who are experiencing or who are likely to experience social maladjustments or learning difficulties. They advise management, teaching, or professional staff on matters pertaining to professional development programs, plan the programs, and evaluate the results.
- Comfortable with a flexible teaching approach and the implementation of effective classroom principles and practices.

Requirements and Qualifications

- Bachelor's degree with an appropriate specialization
- Post-graduate studies, an asset
- Permanent teaching license issued by the MEES
- Teaching experience and knowledge of Mathematics, robotic and electronic technologies, science notions, and the integration of mathematical concepts in the Elementary and Secondary curriculum
- Excellent language skills both oral and written
- Knowledge of the Quebec Educational Program (QEP)
- Excellent communication, organizational, analytical, interpersonal, and creative skills
- Knowledge of Information and Communication Technology
- Ability to work collaboratively in a team environment
