Late work policy:

All projects and performances require students to be present and in class to receive credit. In fairness to their peers, students who are absent for group project creation, rehearsal and performances cannot receive credit.

Individual written work, such as the project reflections and theatrical work responses, can only be accepted up to one day after the deadline. Work submitted one day late will be graded at a maximum of 70% with an additional 5% taken off per day late up to 50%. Exceptions for students whose IEPs allow for supplementary time will, of course, be respected. Please note that students will be given sufficient time to complete work in class.
