SALE OF HONEY FROM SCHOOL BEEHIVE

Dear Parents,

We are pleased to announce that the harvest from our beehive was a great success despite all the complexities brought about by the Covid pandemic. The staff at Alvéole, our community partner in this, have been taking really good care of our bees over this period of time and our hive is back home on our roof top.

Please note that the school will once again be offering parents the opportunity to purchase honey from our beehive at \$5 per jar. If you wish to purchase a jar, please fill out the coupon below and return it in an envelope by Friday, November 13, 2020. We kindly ask that payment be made by cheque to the order of Gerald McShane Elementary School. The honey jar(s) will be sent home via your child. Please note that the jars will be bubble wrapped, in order to avoid breakage during transport.

Thank you for your support and collaboration in maintaining this project.

S.Rebelo
Principal
Gerald McShane Elementary School
