Resolution: Educational Institution Action Plan Development and Implementation

December 16, 2024

WHEREAS each educational institution is responsible for developing an educational project that includes key components such as challenges, objectives, indicators, and targets, which have been shared with the education community and the public;

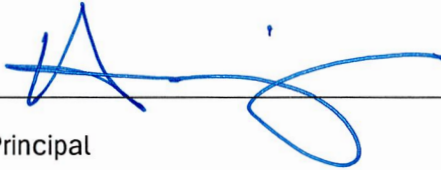

WHEREAS the next phase after developing this educational project is the creation of an action plan for implementing selected strategies/actions to achieve the institution's objectives;

WHEREAS the action plan plays a critical role in allowing the educational institution to monitor and evaluate the effectiveness of each action, ensuring alignment with the institution's goals and continuous collaboration among all stakeholders;

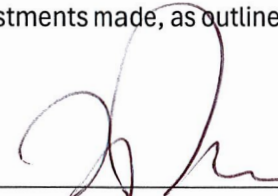

BE IT RESOLVED that the action plan offers a structured approach to monitor the implementation of various actions, while fostering teamwork and shared responsibility among stakeholders working towards the common educational goals of the institution.

BE IT FURTHER RESOLVED that the action plan shall serve as a living document; if a strategy/action does not yield the desired results, the principal or director of the educational institution, in consultation with the teaching team, reserves the right to adjust or modify the action while it is still in progress, ensuring continuous alignment with the institution's objectives.

BE IT FURTHER RESOLVED that in accordance with section 96.13 of the Education Act, the principal shall regularly inform the governing board of any proposals or adjustments made, as outlined in sections 96.15 and 110.12 of the Act.
