Transplace Recognizes Schneider with Dedicated Carrier of the Year Award

GREEN BAY, Wis. – (August 20, 2015) – Schneider, North America’s premier provider of truckload, intermodal and logistics services, was recently awarded Transplace’s 2014 Dedicated Carrier of the Year Award. The award is presented annually to the carrier that meets or exceeds service level performance, ease of doing business and tender acceptance.

In meeting the award criteria, Schneider was called out for exceeding on-time delivery and for the company’s “can-do” spirit. Transplace is a non-asset, North America–based provider, offering manufacturers, retailers, chemical and consumer packaged goods companies the optimal blend of logistics technology and transportation management services.

“Schneider consistently demonstrates a proactive attitude when it comes to potential capacity issues in the industry. On very short notice, Schneider provided a strong implementation effort to start up an important piece of business for us this past year. Schneider quickly provided dedicated tractor/trailer and driver capacity, and had the business rolling in less than two weeks,” said David McGill, general manager, Transplace Dedicated Capacity Services.

The successful working relationship between Schneider and Transplace recently crossed the five-year mark.
